ABOUT A&W

Crafted for generations. A legacy of quality designing and furnishing shuls and institutions.

OUR STORY

Originating from Israel, A&W Furnishings started out as Aronowitz Metal Works circa 1995. Mr. Aronowitz A"H was always fixing the Benches and Tables of his shul, and saw a need for long lasting furniture. Taking on the legacy, A&W Furnishings is one of the most sought after Shul and School furniture manufacturers in the US.

OUR COMPANY

As a known industry leader, we're used to working with all types of customers – local or global, large or small. Exceptional quality is the foundation of our company, and is the driving force behind all decisions; whether it's which materials to purchase or the best way to serve our customers. Our commitment to quality and service guarantees our success and your satisfaction.

QUALITY CRAFTSMANSHIP

For lasting durability you can depend on. Our products are rigorously tested and exceed industry standards. We stand behind our furniture, offering you a lifetime warranty on workmanship. If repairs are needed, they are done locally for convenience and quality assurance.

DEDICATED SERVICE

From your initial consultation to final installation, you're supported by our US-based customer service team. Our team meticulously plans and tests optimal seating arrangements, maximizing capacity and comfort.

COMPLETE PACKAGE

We offer a complete range of shul furnishings, from benches and tables to mikvah benches, shower partitions, and mikvah railings — everything you need to furnish your space. Our efficient US-based options ensure your project is completed on time and to the highest standards.

WHY A&W

- 30 years in business
- U.S. made products
- Lifetime warranty on workmanship
- Hundreds of shuls furnished
- Flexible payment
- Expert space planning

BIMAS & AMIDIM

6 items

Amidim

SKU AWP85V192

For Rav and Bal Tefilah

Our amidim will make a real statement in your shul with their exceptional quality, expert craftsmanship, and precise attention to detail.

Key Features:

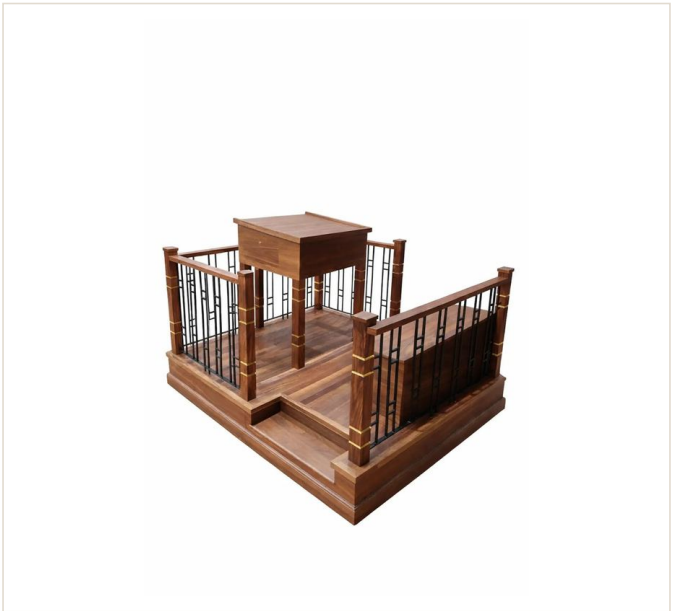

• **Custom Design** — Choose your preferred style, dimensions, and wood tone to match your existing shul décor and millwork — we will create a piece that fits your space perfectly.

• **Premium Construction** — Crafted from quality wood with expert joinery and durable hardware. Each piece is built to withstand daily use while maintaining its professional appearance.

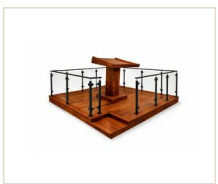

• **Versatile Enhancements** — Add shelving, drawers, pull-out trays, or enclosed doors — even wheels for easy mobility. Configure your amud exactly the way you need it.

Let's Design Yours

Contact us to discuss your dimensions and style preferences. We'll work together to create an amud built to your exact specifications.

Bima with Stage

SKU AWP94V2001

Manufactured/ Lead time: Local (lead-time 4-8 weeks) · Overseas (Lead-time 2-4 Months)

Our bimas with integrated stages combine architectural presence with precision craftsmanship.

Key Features & Benefits

• **Custom Stage Configuration** — Built to your preferred platform height, step layout, and floor dimensions. Engineered with premium hardwoods for stability and long-lasting performance.

• **Railing Options** — Choose from wood, metal, or glass in any style. Traditional ornate, sleek modern, geometric patterns, or custom designs—fabricated to your specifications and finish preferences.

• **Integrated Bima Design** — We craft a beautiful bima that harmonizes with your stage. Coordinated finishes and complementary design elements create a unified centerpiece.

Transform Your Space

Let's create your custom bima and stage.

Classic Bima

SKU AWP89V208

Wood Color: weathered oak · Walnut · Custom · Natural
Metal color: Black · Gold

A beautifully crafted bima featuring premium wood and quality metal construction.

Dimensions: 36" W × 32" D | Front Height: 42" | Rear Height: 45" | Top Slant: 3"

Key Features & Benefits

• **Quality Craftsmanship** — Precision-welded metal frame paired with solid wood top. Each joint reinforced, each surface finished to exacting standards.

• **Practical Design** — The raised-edge top keeps seforim in place during use and generous surface area provide an ideal reading platform.

• **Custom Colors** — Choose any wood color and any metal finish to complement your interior and create the exact look you envision.

Foldable Bima

SKU AWP164V2087

Leg style: Standing Base · Straight Leg
Wood Color: Natural · Walnut

Open: 40" x 30" x 46.5"H | Closed: 40" x 3.5" x 52"H | Weight 50 lbs.

Our foldable bima delivers Torah reading anywhere you need it. Set up in moments, store flat when done.

Key Features

• Space-Saving Design — Collapses from a full 40" x 30" reading surface down to just 3.5" thick for easy transport and storage. The Standing Base leg style includes a bottom crossbar that lets the folded bimah stand upright on its own.

• Sturdy Construction — Welded metal base delivers excellent support during use. Handles regular setup and breakdown without wobbling or wear, providing reliable performance.

• Traditional Appearance — Rich wood top finish available in Natural or Walnut with the powder-coated black metal base creates a clean, professional appearance.

For Any Space

• Yeshivas — Set up when needed, store away afterwards. Maximizes space flexibility in your beis medrash.

• Shtiblech — Practical solution for constant minyanim. Easily bring from one room to another as needed throughout the day.

• Temporary Minyanim — Ideal when you set up minyanim in simcha halls or other places. Provides a professional bima that stores flat when davening is over.

Table Top Bima

SKU AWP229V2158

A compact, beautifully crafted bima designed to sit on any table. Premium wood top with quality metal base construction.

Key Features & Benefits

• **Built to Last** — Sturdy metal base supports a handcrafted wood tray. Solid construction ensures stability and durability for daily use.

• **Portable & Practical** — Lightweight design moves easily wherever you need it. Raised wood edges create a secure tray that holds seforim safely in place.

• **Custom Color Options** — Select from any wood tone and metal color combination. We create each piece to match your style and space.

Order Yours Today

Wooden Bimah

SKU AWP230V2159

Our bimas are crafted with quality that lasts and attention to detail.

Key Features & Benefits

• **Built for Your Space** — Engineered with premium hardwoods that ensure structural integrity. We build it exactly to your dimensions and layout specifications—custom-fitted to work perfectly in your shul.

• **Expert Millwork Design** — Choose from intricate traditional carvings with ornate moldings and decorative columns, or sleek contemporary profiles that complement modern interiors. Select your wood species, color, and stain to coordinate with your existing finishes.

• **Custom Additions** — Add decorative curtains, storage cabinets with doors or drawers for seforim and talleisim—each element integrated into the overall design.

BANQUET CHAIRS

Belmont Classic

SKU AWP150V2069

These chairs deliver durable construction, genuine comfort, and customizable beauty—whatever you need. Designed to handle the demands of daily use while maintaining the professional appearance your shul deserves.

Key Features

• **Exceptional Durability** — Powder-coated welded steel frame construction with reinforced legs and a support bar withstands constant use and delivers heavy-duty performance.

• **Comfort Throughout** — High-density foam cushioning in the seat and backrest keeps people comfortable throughout davening, shiurim, and extended events.

• **Fully Customizable Colors** — Choose custom colors for both the powder-coated steel frame and vinyl upholstery to match your shul's décor perfectly. We'll create the exact look you need.

• **Space-Efficient Storage** — Stackable design lets you reconfigure your space easily—lightweight enough to handle but sturdy once in place.

Perfect For

• **Everyday Use** — Welcome your people with professional seating that handles daily minyanim, Shabbos davening, and shiurim while elevating your shul's appearance.

• **Simchas & Events** — Any simcha or event in your shul will be enhanced with comfortable seating that brings elegance to every occasion.

Let's Plan Your Order

Crest Chair

SKU AWP165V2084

Chair Style: Without Arm · Arm Chair

A refined and comfortable arm chair designed for durability and everyday use. Featuring a fully upholstered seat and backrest with supportive cushioning, this chair provides excellent comfort for extended seating. The smooth, contoured armrests include padded tops for added arm support.

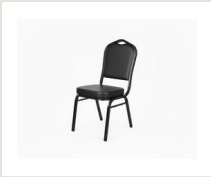

Cushion Armchair

SKU AWP155V2074

A refined, modern accent chair with a gently curved backrest featuring four vertical sections, upholstered in smooth fabric for a clean, elegant look. The chair's silhouette combines soft contours with a sturdy wooden frame, giving it a balanced blend of comfort and contemporary design. Its minimalist profile and neutral finishes make it versatile for living rooms, bedrooms, or lounge spaces, adding a touch of understated sophistication to any interior.

High-Grade Vinyl Stackable Chairs

SKU AWP132V2044

Unmatched Quality at Prices Your Shul Can Afford

Premium durability meets budget-conscious pricing. Our stackable chairs deliver commercial-grade quality vinyl and lasting comfort—a smart investment to serve your community for years to come.

Key Features & Benefits

• Exceptional Value & Durability – Heavy-duty vinyl and reinforced metal frame deliver long-lasting performance at an accessible price, ensuring true long-term savings

• Practical Elegance – Professional appearance maintains dignity and elegance in your shul while stackable design maximizes flexible space usage. Easy-to-clean, spill-resistant surface means minimal maintenance

• All-Day Comfort – Generously padded seat and backrest provide superior support for extended sitting periods, ensuring your people remain comfortable throughout

For Every Occasion

• Daily & Weekly Services – Dependable seating for minyanim and Shabbat that holds up to constant use

• Yamim Tovim – Accommodate your crowds during Yamim Noraim and throughout the year for Sukkot, Pesach, Purim, and more

• Simchas & Events – From sheva brachos and vach nachts to yahrzeit seudas, tea events—flexible seating that adapts to any celebration or gathering

Lounge Chair

SKU AWP156V2075

This contemporary armchair combines refined styling with exceptional comfort. The gently curved backrest and arm design provide natural support, while the fully upholstered cream-tone fabric offers a clean and elegant aesthetic. Tapered black legs add contrast and stability, making it a perfect choice for reception areas, meeting rooms, dining spaces, or high-end institutional environments.

Features:

- Soft-curve backrest for enhanced comfort
- Durable cream upholstery for a clean modern look
- Solid black legs for strength and contrast
- Sleek silhouette suitable for any décor style
- Ideal for shuls, schools, meeting rooms, and hospitality spaces

Modern Upholstered Chair

SKU AWP152V2071

This is a modern upholstered dining chair featuring a smooth, curved bucket-style backrest for comfortable support. The seat is covered in a soft, light-colored fabric, paired with sleek black metal legs. Each leg is finished with a gold-capped tip, adding a refined, contemporary touch. Designed for dining rooms, meeting rooms, or lounge areas, it combines elegance with everyday durability.

SlimPro Chair

SKU AWP157V2076

This modern stack chair features a slim, streamlined profile designed for durability and everyday use. Its gently contoured seat and back offer comfortable support, while the sturdy metal frame provides long-lasting stability. The chair's lightweight build makes it easy to move, stack, and store, making it an ideal choice for offices, event spaces, schools, and multipurpose rooms. With a sleek silhouette and a refined finish, it delivers a clean, contemporary look that fits seamlessly into any environment.

SoftArc Chair

SKU AWP154V2073

Vinyl Color: White · Cream

This chair features a smooth, contoured backrest and cushioned seat upholstered in a soft cream fabric for a refined, comfortable feel. The open-back design adds a modern touch while maintaining excellent support. Sleek black metal legs provide strength and stability, creating a balanced look that blends elegance with durability. Perfect for dining areas, conference rooms, or contemporary office spaces.

TriPanel Back Chair

SKU AWP151V2070

A modern, upholstered stackable chair featuring a sleek metal frame in a warm gold finish. The backrest features four horizontal padded panels for enhanced comfort and contemporary style. The seat cushion is thick and supportive, upholstered in a light, textured fabric that complements the frame. Its angled legs and reinforced support bars provide stability while maintaining a refined, minimalist look. Ideal for banquet halls, dining spaces, conference rooms, or event seating, this chair blends durability with elegant design.

Black-Framed Frosted Shower Partitions

SKU AWP163V2082

Our black-framed frosted glass partitions deliver a bold, contemporary aesthetic that transforms ordinary spaces into polished, professional environments. The striking contrast of black frames against frosted glass creates a clean statement that elevates any facility.

Key Features & Benefits

•Modern Black Frame Design — Premium tempered glass with black aluminum framing provides complete visual privacy while maintaining an open, spacious feel. The sleek geometric lines integrate seamlessly with contemporary architectural styles, adding depth and character.

•Customized to Your Space — We design and fabricate each project to your exact measurements and spatial requirements, ensuring optimal space utilization and seamless integration with your existing infrastructure. Includes professional measurement, expert fabrication, and complete installation services.

•Lasting Durability — Industrial-grade mounting systems with floor-mounted support posts and non-porous materials engineered for high-volume institutional use. Surfaces resist moisture penetration, mold growth, and mineral buildup, requiring minimal cleaning while providing stability and reliability that lasts for decades.

Looking to bring modern sophistication to your facility?

• Premium Quality Construction – Built to withstand high-moisture environments with easy-to-clean surfaces and space-optimized design

• Custom Color Options – Select from multiple composite finish colors to complement your facility's design

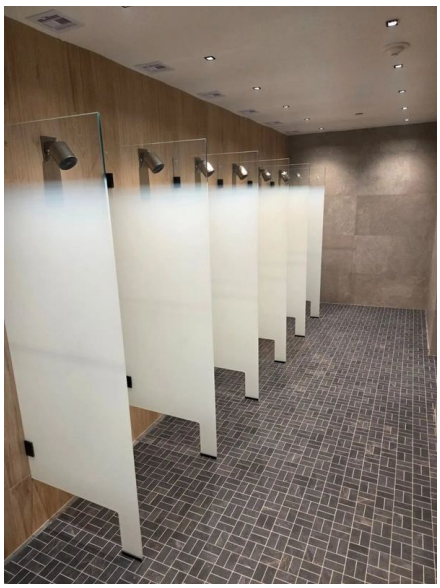

• Complete Installation Service – Our expert team handles delivery, installation, and setup, ensuring you're completely satisfied with every detail

Meeting Every Need:

• Building New? – Partner with us from the planning phase to ensure your mikva opens with premium benches that deliver lasting quality and functionality

• Ready to Upgrade? – Modernize your existing mikva with quality benches designed for long-term performance and easy maintenance

Let's Discuss Your Project

Frosted Shower Partitions

SKU AWP68V139

Our frosted glass partitions combine precision engineering with high-performance materials, delivering installations that maintain their integrity and appearance under the most demanding conditions.

Key Features & Benefits

•Elegant White Frosted Glass — Premium tempered glass in clean white frosting provides complete visual privacy while maintaining an open, spacious aesthetic and creating a refined, professional appearance.

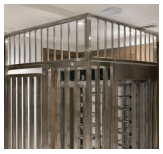

•Customized to Your Space — We design and fabricate each project to your exact measurements and spatial requirements, ensuring optimal space utilization and seamless integration with your existing infrastructure. Includes professional measurement, expert fabrication, and complete installation services.

•Lasting Durability — Industrial-grade mounting systems and non-porous materials engineered for high-volume institutional use. Surfaces resist moisture penetration, mold growth, and mineral buildup, requiring minimal cleaning while providing stability and reliability that lasts for decades.

Ready to transform your facility?

Let's discuss your project requirements—contact us today for a comprehensive site assessment and detailed proposal.

Gate above Turnstile

SKU AWP240V2179

Custom mikvah gate added above a turnstile to complete the entry enclosure.

Key Features & Benefits

• **Full-Height Barrier** – Extends above the turnstile to fully close off the upper opening and prevent access over the top.

• **Custom Fit** – We will build to your exact opening size for a proper fit and a clean, built-in look

Mei Geshumim Cover

SKU AWP161V2080

Protect your Mei Geshumim bor from dust and dirt with our custom covers that keep the water pure while transforming overhead space into functional walk-through areas or additional storage.

Key Features & Benefits

• Versatile Material Options — Choose between durable stainless steel that can be custom painted in any color to perfectly match your facility's design, or glass available in clear or frosted.

• Custom Fabrication — We will build each cover to your exact measurements and space configuration, ensuring a perfect fit that integrates with your facility's layout and structural requirements.

Let's build the solution that fits your space perfectly.

Mikva Decking

SKU AWP239V2178

Enhance safety in your mikvah with custom non-slip decking. Our waterproof flooring provides secure footing in wet environments.

Key Features & Benefits

• **Non-Slip Design** — Textured surface provides secure footing even when wet, reducing slip hazards and protecting users in your facility.

• **Waterproof Construction** — Built to withstand constant moisture exposure without warping, deteriorating, or harboring mold and bacteria. Each piece covers 1 square foot.

• **Multiple Colors** — Choose from our wide range of colors to match your existing decor and create a cohesive look.

Mikva Towel Storage

SKU AWP159V2078

Our custom towel storage solutions create an efficient flow that keeps your facility running smoothly. Well-designed storage makes all the difference: your people move through the facility faster, and the shamesh can maintain order with ease.

What We Offer

• Fully Customized Design – We design the configuration that works for your facility. Whether you need high-capacity open shelving, individual cubbies, or combination units with open shelves above and closed cabinets below.

• Versatile Material Options – Choose from premium stainless steel or aluminum frameworks. We can also incorporate glass elements for added design versatility.

• Custom Craftsmanship – Precision-built and professionally installed to become part of your facility's architecture. Measured, fabricated, and fitted to exact specifications that maximize every inch of available space.

Ready to Design Your Ideal Storage Solution?

Reach out today to discuss your vision, space requirements, and how we can create a storage solution that enhances both the functionality and atmosphere of your facility.

Mikvah Towel Collection Bin

SKU AWP160V2079

Metal color: Flat black · Chrome

Material: Aluminum · 316 stainless steel

Composite color: Wolf Weathered Ipe · Wolf Sand Castle · Wolf Beechwood · Wolf Harbor Grey · Wolf Amberwood · Wolf Ashland · Wolf Rosewood · Wolf silver Teak · Wolf Onyx · Wolf Black Walnut · Wolf Driftwood Grey · Wolf Golden Cypress

This towel collection bin combines durable construction with practical functionality, providing well-designed equipment that ensures easy sanitization, maintains a professional appearance.

Key Features & Benefits

• Made to Last — Built with heavy-duty metal construction to withstand daily use in high-traffic mikvah environments. This bin delivers lasting performance that you can rely on.

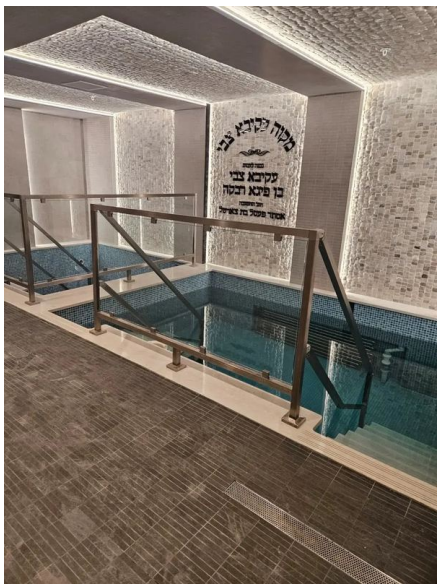

• Exact Material & Color Matching — Built with the identical composite materials and metal from your mikvah benches, ensuring a perfectly unified appearance.

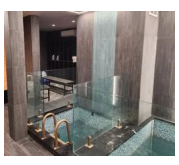

• Mobile & Space-Efficient Design — Smooth-rolling wheels make it easy for staff to move the bin for cleaning or repositioning, while the generous 36" x 36" x 22" dimensions provide ample capacity without overwhelming your area.

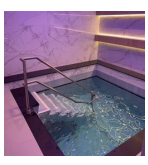

Perfect For

Shamashim — Upgrade your mikvah with our durable, mobile towel bin that simplifies daily management and keeps the facility organized.

Designers & Architects — Give your clients functional beauty—practical equipment that elevates the overall aesthetic of the space.

Professional Mikva Railings

SKU AWP66V121

Built for Safety, Designed for Elegance & Durability

Our custom-designed mikva railings provide the perfect balance of secure support and elegance, expertly built to last and enhance your facility.

Designed for Excellence

• Premium Quality Materials – Marine-grade 316 stainless steel with expert corrosion resistance for high-moisture environments; won't rust, tarnish, or deteriorate

• Custom Style & Design – Tailored to your mikva's exact dimensions, depth requirements, and architectural style with beautiful glass and metal integration using elegant frosted or clear glass panels

• Safety & Compliance – Slip-resistant grips, proper load-bearing capacity, strategically placed support points, and meets all ADA accessibility standards and local building requirements

All Your Projects

• New Mikva Construction – We'll collaborate with your architects and contractors to create custom railings that integrate with your facility's aesthetic and requirements

• Renovating or Upgrading – Replace old, corroded railings with modern, durable railings giving your facility a fresh, professional appearance

• Private Home Mikva – Get professional-grade railings with the same quality and beauty we bring to community projects

SAFE FOR SEFER TORAH

4 items

Double Door Sefer Torah Safe

SKU AWP237V2170

2-Hour Fire Rating | Steel Construction | 63 1/2"H × 45 2/7"W × 25"D

Safeguard your sifrei Torah with the Double Door Torah Safe — professional-grade security for shuls. Comprehensive fire protection, robust construction, and a lifetime fire warranty ensure your investment is fully protected.

Key Features

• **Maximum Fire & Security Protection** — Steel construction with 2-hour fire rating shields your sifrei Torah against extreme heat up to 1,700ºF, while the substantial 1,650 lb build provides formidable security against unauthorized access.

• **Dual Lock Security System** — Each door features a reliable key lock, with mechanical combination dial on the right door requiring no batteries or programming—just set your combination and rely on time-tested security technology that won't fail when you need it most.

• **Generous Storage Capacity** — External dimensions of 63 1/2"H × 45 2/7"W × 25"D with interior space of 56 8/9"H × 38 4/7"W × 18 1/9"D provides 23.0 cubic feet of storage, accommodating multiple sifrei Torah with adjustable shelving that removes easily to fit your needs.

Reach out to discuss pricing, delivery to your shul, and warranty details.

MESA Sefer Torah Safe Cabinet

SKU AWP93V212

2-Hour Fire Rating | Combo Lock | 22"W × 22"D × 40"H

Safeguard your sifrei Torah with the MESA Torah safe — professional-grade security for shuls. Comprehensive warranty protection ensures your investment is fully backed.

Key Features

• Maximum Fire & Burglary Protection — Solid steel construction with drill resistant hardplate and 2-hour fire rating shields your sifrei Torah against heat damage, while steel dead bolts prevent forced entry and unauthorized access.

• Reliable Combination Lock — Mechanical dial lock requires no batteries or programming—just set your combination and rely on time-tested security technology that won't fail when you need it most.

• Practical Storage Design — Exterior dimensions of 22"W × 22"D × 40"H with interior space of 19"W × 18"D × 36½"H provides generous capacity with adjustable shelving that removes easily to accommodate your needs. Durable finish resists wear and scratches.

Contact us to discuss delivery to your shul and warranty details.

2-Hour Fire Rating | Cobmo Lock | 22"W × 22"D × 40"H

Safeguard your sifrei Torah with professional-grade security designed for thelong term.

Key Features

• Maximum Fire & Burglary Protection — Solid steel construction with a 2-hour fire rating shields your sifrei Torah against heat damage, while steel dead bolts prevent forced entry and unauthorized access.

• Reliable Combination Lock — Mechanical dial lock requires no batteries or programming—just set your combination and rely on time-tested security technology that won't fail when you need it most.

• Practical Storage Design — Exterior dimensions of 22"W × 22"D × 40"H with interior space of 18-13/16"W × 15-11/16"D × 36"H provides generous capacity with adjustable shelving that removes easily to accommodate your needs. Heavy-duty black powder coat finish resists wear and scratches.

Contact us to discuss delivery to your shul.

Sefer Torah Safe with Stand

SKU AWP91V204

Manufactured/ Lead time: Local (lead-time 4-8 weeks)

2-Hour Fire Rating | Combo Lock | Heavy-Duty Steel Frame | Locking Casters

Key Features

• Maximum Fire & Burglary Protection — Solid steel safe construction with drill-resistant hardplate and 2-hour fire rating shields your sifrei Torah against heat damage, while steel dead bolts prevent forced entry and unauthorized access. Reliable mechanical dial lock requires no batteries or programming—just set your combination for time-tested security.

• Mobile Stand Design — Custom-engineered steel stand with industrial-grade locking casters transforms your sefer Torah safe into a flexible solution. Reposition effortlessly for shul cleaning, renovations, or temporary needs, then lock the wheels for stable security. No lifting required—safely move your safe wherever needed.

• Engineered Capacity — Safe dimensions of 22"W × 22"D × 40"H (exterior) with 19"W × 18"D × 36½"H (interior) provide generous space with adjustable shelving that removes easily to accommodate your needs. Heavy-duty black powder coat steel frame is built specifically for your safe's dimensions and weight, ensuring stable support and long-lasting reliability for your sifrei Torah.

SEFORIM WAGONS
